### 1. HAFELE

Distributor Hafele has now added Alusplash aluminium splashbacks to its portfolio, as an alternative to glass, acrylic and tiles. They are FIRA tested, so can be used behind hobs, and are 100% recyclable. Alusplash splashbacks come in a high gloss finish and are available in 10 metallic colours. See the video at www.rdr.link/KG044

### 2. AIRFLOW DEVELOPMENTS

Extraction manufacturer Airflow Developments has launched iCONsmart, reportedly the first app-controlled range of axial fans. The iCONsmart fan is IPX5-rated, so can be fitted directly above a shower, and operates at 23.5db. iCONsmart automatically adjusts to maintain optimum ventilation and is linked to the myAirflow app to provide access to live and historic data. #### 3. CERAMIQUE INTERNATIONALE

Tile distributor Ceramique Internationale has unveiled the Abitare collection of glazed bathroom tiles inspired by cement. Measuring 200 x 400mm, the trio of wall tiles includes Light Grey and Mild Grey and is complemented by a glazed décor tile. Co-ordinating with the wall tiles is a 330 x 300mm square floor tile.
